Beer Is a Food
of High QualityIt Refreshes and Strengthens the Body
With Predigested Nourishment.

As a strengthening, nutritious food, physicians and scientists now agree that there is nothing, perhaps, more beneficial than pure beer. Rich in the food extracts of malt and the tonic properties of hops, pure beer nourishes the whole body.

Many people unable to take solid food have been built up by Pabst Blue Ribbon Beer. And it is just as good for the well as for the sick. Pabst Blue Ribbon Beer with your meals tones up the whole system. Taken in moderation it cannot have other than helpful, up-building, strengthening effect, free from false stimulation. Purity and cleanliness are essential for healthful beer, just as they are essential for any other healthful food. And purity and cleanliness are watchwords in the great Pabst Brewery at Milwaukee. Only the finest of malt and hops are used, and the whole Pabst process is a revelation of scientific progress, the result of sixty years' study of all the best known methods in the science of brewing. A most important feature of the Pabst Brewing process is the Pabst method of making malt. It requires eight days and doubles the expense of the old four-day method, still used in many breweries, but the eight-day Pabst process is the only process by which perfect malt, containing all the nutritious food qualities of barley in predigested form, can be made.

Absolute cleanliness distinguishes the entire Pabst process, and the Pabst Blue Ribbon label is a guarantee of purity. The name Pabst always stands for purity, cleanliness and the best beer brewed.

If your food doesn't taste just right, or if your digestion is a little "off," or your appetite is poor, drink Pabst Blue Ribbon beer before or with your meals.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Spooners Close Engagement.

The Spooner Dramatic company closed a week's engagement at the Turn Verein Saturday night. Thursday night "Dr. Jekyll and Mr. Hyde" was the bill, and Mr. Wallick in the leading role did clever work indeed. He is a big man by nature, and as the shriveled, hunchbacked demon, Hyde, he proved that he is an artist at make-up. The play holding the boards Friday night was "A Yankee in Cuba," and F. E. Spooner as the dominant character, Seth Swap, is in a popular role with San Angelo audiences. Saturday night "Ben Bolt, the Sailor" was presented to a packed house. The Spooners seldom fail to draw splendid houses when in this city, and despite the inclement weather of last week, the company played to "good business."

The company is billed this week for Stephenville.

THANKSGIVING DAY
ENJOYED QUIETLY

Hallowed Day Observed in San Angelo by Closing of Stores at 11 A. M. and Services.

Thanksgiving Day in San Angelo was enjoyed. However, it was extremely muddy under foot and a misty rain continued a part of the holiday. A majority of the business houses of the city closed at 11 o'clock to allow employees an hour ahead to prepare for a sumptuous meal, and the rest of the afternoon to dwell upon fond recollections (?) of roast turkey, mince pie and other delicious viands.

The union Thanksgiving services held at the First Methodist church were well attended despite the inclement weather, the services beginning at 10 o'clock and closing at 11. Rev. W. P. Pledger of the Baptist church preached an excellent and appropriate sermon for the day. A very large choir, made up of members of the choir of the different denominations of San Angelo participating in the services, sang old hymns, known by nearly everyone, closing the musical program with "America."

Appropriate services and a splendid Thanksgiving sermon, by Rev. A. Basil Perry, occurred at the Emanuel Episcopal church at 10 o'clock Thursday morning, a good congregation being present.

The Salvation Army, as is always the case, looked to the welfare of the destitute and needy in the city and held devotional services at the Army hall Thanksgiving evening. There were no services in any of the churches of San Angelo in the evening.

What's

worth doing is worth doing well. If you wish to be cured of Rheumatism, use Hall's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Headaches, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Tex., writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by Central Drug Store.

Another Fire Alarm.

An alarm of fire was turned in from the residence of Ira G. Yates, on North Main street, in the northeastern part of San Angelo, Friday noon. The family were sitting at dinner when soot in a chimney in the rear part of the residence began burning.

It looked pretty badly for a time, but was finally extinguished by pouring water down the stove pipe from the roof. A good deal of furniture and other household goods were carried out of the house unnecessarily, and besides being a scare and discommodating the family no damage was done.

The fire department made a long run through the muddy streets that proved useless, the flames having been put out before the department's arrival. The damage was covered by insurance.

Southwestern Country Soaked.

Tom Savell, now of the Juno country, arrived in San Angelo Thursday on a brief business visit. Mr. Savell said he came something over one hundred miles in heavy mud. He reports excellent rains to have fallen all over Crockett and Val Verde counties, putting the range soil in a superb condition for the early production of grass in the spring. Mr. Savell owns a stage line between Juno and Sonora, and is doing a good business.

Cold Habit

The old cold goes; a new one quickly comes. It's the story of a weak throat, weak lungs, a tendency to consumption. Ayer's Cherry Pectoral breaks up the taking-cold habit. It strengthens, soothes, heals. Ask your doctor about it.

CHRISTOVAL WANTS
INDEPENDENT SCHOOL

During Thanksgiving Celebration, Petition to Legislature Was Gotten up. Many Signers.

Christoval wants the next State Legislature to grant her an independent public school district and she is going after it in the right way.

Thanksgiving was duly celebrated and commemorated Thursday at that live little town on the Middle Concho, with a big basket picnic. It was a very enjoyable day and terminated with a decisive step towards securing what the fast growing community needs badly, a free district public school. During the big outdoor festival on the river some of the progressive citizens formulated a petition to the 30th State Legislature which convenes in Austin on the second Tuesday in January, 1907, asking for the establishing, at Christoval, of the independent district desired.

All of Christoval's citizens are heart and soul in favor of the petition and are readily responding to the call by signing the document. Christoval needs what she is asking for and should have it. At the rate the community is growing in population and wealth, an independent school district is a necessity.

Mr. Atwell Pleased With Conditions.

Hon. Wm. H. Atwell, state's attorney for the Northern Federal district of Texas, left Thursday afternoon for his home in Dallas, after attending the opening of Federal court in this city Thursday morning. "I'll bet there's at least 50,000 bales of cotton lined up along the railroad between here and Temple," said the affable lawyer to a Press reporter. "It looks good," he continued. Mr. Atwell couldn't help expressing his gratification on the general conditions of West Texas, as he found them. He remarked on the excellent rains the San Angelo country has been lately receiving and the ultimate good that would result. He said the Concho country was bound to become an extensive stock-raising country. And so it is.
